

Carla J. Schumacher

April 2005

FOX Engineering Associates, Inc. of Ames, Iowa is pleased to announce that Carla J. Schumacher has joined their firm. Ms. Schumacher holds a B.S. in Civil Engineering and a Master's of Science in Environmental Engineering, both from the University of Iowa.

Ms. Schumacher is an environmental engineer with experience in environmental assessments, site investigations, RCRA facility investigations, National Pollutant Discharge Elimination System (NPDES) permits, contingency plans, spill prevention and countermeasure plans, storm water pollution prevention plans and remedial pump designs. Her clients have included the Des Moines International Airport, Malmstrom Air Force Base, and the Iowa DOT.

Ms. Schumacher is a graduate of the ABI Foundation Leadership Iowa program for the class of 2001-2002 and served as program co-chair for the class of 2002-2003. She currently serves on the Leadership Iowa Board of Governors.

Ms. Schumacher is active in the Iowa Section AWWA and IWPCA leadership and committee activities. She has participated in the IDNR Water Quality Standard Technical Advisory Committee since 2000.

A native of Davenport, Ms. Schumacher resides in Ankeny with her husband and children where they are members of the Ankeny United Methodist Church. Ms. Schumacher serves on the Ankeny Chamber of Commerce Golf Committee and enjoys serving as an assistant coach for her sons' sports activities through the Ankeny Leisure Services. Ms. Schumacher is a member of the Beta Sigma Phi Xi Epsilon Gamma Chapter in Ankeny.
