*FOX Engineering Associates, Inc., of Ames, IA Announces
Newly Registered Professional Engineer, Rob J. Baker*

FOX Engineering is pleased to announce that Rob J. Baker has successfully passed state licensure exams and now holds the distinction of being a registered Professional Engineer in the State of Iowa. Mr. Baker has served as a project engineer at FOX since 2008 in the water and wastewater group. He holds a B.S. and M.S. in Civil Engineering, with major areas of specialization in Environmental Engineering and Geotechnical Engineering. His degrees were conferred at Iowa State University.

Following undergraduate studies in 1995, he was commissioned as an officer in the U.S. Marine Corps. He served with 1st Battalion, 1st Marines based in Camp Pendleton, California and was deployed aboard the USS Peleliu where he specialized in heliborne fire support coordination and battalion landing operations. He next served as a legal officer and Commanding General's Aide de Camp at Camp Lejeune, North Carolina. Following his military service, he returned to Ames, obtained his Masters degree, and began work as a consulting engineer in Iowa. His responsibilities have included water and wastewater facility evaluation and planning, design, and operations assistance.

Mr. Baker is a native of Rochester, New York and currently resides in Ames with his wife, Jenny, and their sons, Jackson and Adam.

FOX Engineering is an environmental engineering firm based in Ames, Iowa. They specialize in water, wastewater, and solid waste management solutions for their diverse governmental and industrial clients. The firm's environmental projects vary in size and scope and can be found throughout the Midwest and beyond. Rob Baker, PE, can be reached at 800/433-3469 or by email at rjb@foxeng.com.
