

FOX Engineering Welcomes Rob J. Baker to the Firm

Ames, IA – August 25, 2008 – FOX Engineering Associates, Inc. of Ames, Iowa, proudly announces the addition of Mr. Rob J. Baker to the firm. Mr. Baker holds a B.S. and M.S. in Civil Engineering, with major areas of specialization in Environmental Engineering and Geotechnical Engineering. His degrees were conferred at Iowa State University. Mr. Baker is a project engineer in the water and wastewater group. Following undergraduate studies in 1995, he was commissioned as an officer in the U. S. Marine Corps. He served with 1st Battalion, 1st Marines based in Camp Pendleton, California and was deployed aboard the USS Peleliu where he specialized in heliborne fire support coordination and battalion landing operations. He next served as a legal officer and Commanding General's Aide de Camp at Camp Lejeune, North Carolina. Following his military service, he returned to Ames, obtained his Masters degree, and immediately began work as a consulting engineer in Iowa. His responsibilities have included water and wastewater facility evaluation and planning, design, and operations assistance.

In his position at FOX he will provide design services for water and wastewater environmental projects.

Mr. Baker and his wife, Jenny, a part-time lecturer at Iowa State University and engineer with Farris Engineering in Des Moines, reside in Ames with their sons, Jackson and Adam.

FOX Engineering is an environmental engineering firm based in Ames, Iowa. They specialize in water, wastewater, and solid waste management solutions for their diverse governmental and industrial clients. The firm's environmental projects vary in size and scope and can be found throughout the Midwest and beyond. Rob Baker can be reached at 800/433-3469 or rjb@foxeng.com.
