

FOX Welcomes Taylor Hopper to Firm

February 2010

FOX Engineering Associates, Inc. of Ames, Iowa, proudly announces the addition of Mr. Taylor Hopper to the firm. Mr. Hopper holds a B.S. in Civil Engineering with an Environmental Emphasis, in addition to a Master of Business Administration. Both degrees were conferred at Iowa State University.

In his position at FOX he will provide design services for water and wastewater treatment projects. As an intern, he gained experience with stormwater utility and large municipal sewer separation projects. As a surveying and engineering technician, he conducted soils tests and concrete inspections, operated GPS and total station equipment and assisted with construction staking and topographic surveying.

An entrepreneur while attending college, Mr. Hopper was co-founder of a small business which he operated for over three years. He is active in numerous humanitarian efforts, among them Habitat for Humanity and Special Olympics.

Mr. Hopper is originally from Wallingford, Iowa, and now resides in Ames.

FOX is also proud to announce that Mr. Hopper is one of only four Iowa

State University seniors who has been selected to receive the **2010 Wallace E. Barron All-University Senior Award**.

The Iowa State University Alumni Association established this award in 1968 to recognize outstanding seniors who display high character, outstanding achievement in academics and university/community activities, and promise for continuing these exemplary qualities as alumni. The award is named for Wallace E. "Red" Barron (Class of '28), who served as director of alumni affairs at Iowa State from 1937 to 1968. Awardees receive recognition and the official ISU ring.

Recipients will be honored at a reception at President Geoffroy's home, the Knoll, on April 25, 2010.

FOX Engineering is an environmental engineering firm based in Ames, Iowa. They specialize in water, wastewater, and solid waste management solutions for their diverse governmental and industrial clients. The firm's environmental projects vary in size and scope and can be found throughout the Midwest and beyond. We can be reached at www.foxeng.com or 800/433-3469.
