

EPA proposes revisions to the Spill Prevention, Control, and Countermeasure (SPCC) Rule

December 2005

EPA has proposed two separate amendments to the Spill Prevention, Control, and Countermeasure (SPCC) Rule. The first amendment streamlines the regulatory requirements for qualified facilities, qualified oil-filled operational equipment, motive power, and airport mobile refuelers. The second proposes extensions to the compliance dates for all facilities regulated under the SPCC rules. For more information please see the following website:
